Your Personal Representative

You may exercise your rights to your PHI by designating a personal representative. Your personal representative will be required to produce evidence of the authority to act on your behalf before the personal representative will be given access to your PHI or be allowed to take any action for you. Under this Plan, proof of such authority will include a completed, signed and approved form. You may obtain this form by contacting the Privacy Officer or his or her designee at their address listed on the first page of this Notice. The Plan retains discretion to deny access to your PHI to a personal representative to provide protection to those vulnerable people who depend on others to exercise their rights under these rules and who may be subject to abuse or neglect.

This Plan will recognize certain individuals as Personal Representatives without you having to complete a Personal Representative form. You may however request that the Plan not automatically honor the following individuals as your Personal Representative by completing a form to Revoke a Personal Representative available from the Privacy Officer or their designee.

  • For example, the Plan will automatically consider a spouse to be the personal representative of a Plan Participant and vice versa. The recognition of your spouse as your personal representative (and vice versa) is for the use and disclosure of PHI under this Plan and is not intended to expand such designation beyond what is necessary for this Plan to comply with HIPAA privacy regulations. You should also review the Plan’s Policy and Procedure regarding Personal Representatives (available from the Privacy Officer) for a more complete description of the circumstances where the Plan will automatically consider an individual to be a personal representative.
